PROFESSIONAL OVERVIEW

Full-stack developer and IT manager with hands-on experience building, launching, and maintaining web applications in React, Node.js, and SQL. Currently leads development and IT operations at a real estate firm, managing infrastructure, web platforms, property listings, and digital marketing. Founder of NeuroLens, a reading platform for neurodivergent users. Brings a Computer Science background, UI/UX design skills, and working knowledge of networking and cybersecurity.

WORK EXPERIENCE

FOUNDER & LEAD DEVELOPER | NEUROLENS 2026 – PRESENT

- Founded and built NeuroLens, a React-based browser extension and web platform that helps readers with dyslexia and ADHD read with less effort, live at [neurolens.space](#).
- Adapts text formatting, pacing, and focus aids to each reader, targeting decoding, attention, and comprehension retention for students and adult readers.
- Built core features including a personal reading library and a Bible chapter lookup.

FULL STACK DEVELOPER | DA'SAYONCE REAL ESTATE & PROPERTIES LTD 2025 – PRESENT

- Lead development of complex web applications on a modern stack, specialising in React, Node.js, and cloud solutions.

IT MANAGER | DA'SAYONCE REAL ESTATE & PROPERTIES LTD 2025 – PRESENT

- Oversee all IT operations, keeping infrastructure, digital marketing tools, and online platforms running efficiently alongside development duties.
- Manage company website operations and upload and update property listings across all company platforms.
- Oversee social media management and online advertising campaigns.
- Safeguard company data and digital assets, provide IT support to staff and management, and advise on digital tools and marketing strategy.

MOTION DESIGN / GRAPHIC DESIGN | DEREV DIGITAL CONCEPTS LTD 2025

- Produced multimedia content for digital and print, including video editing, motion graphics, and branding design for marketing and social media.

INTERN | SAIL INNOVATION LAB 2024 – 2025

- Learned and applied advanced programming concepts as part of structured software development training.

WEBSITE DEVELOPER & WEBSITE MANAGER | WILLYWILLMAR LTD 2024

- Led end-to-end consultancy web development projects, from requirements through launch, consistently meeting project objectives.
- Tested websites before launch, troubleshoot development issues, and conducted user research to validate products against audience needs.
- Oversaw creation, editing, and publishing of website content, and audited sites for broken links, outdated content, and technical issues.
- Developed and executed SEO strategies to increase visibility and traffic, and monitored performance metrics.

TEACHER | BRIGHT FUTURE SCHOOLS 2023 – 2024

- Designed and delivered lesson plans aligned with educational standards for Computer Science, Mathematics, and Chemistry.

INTERN | MEGARICH CONSULTS & NETWORKS LTD 2022

- Trained in entrepreneurship, corporate ethics, negotiation, job interview skills, and human relations.

MOBILE PHONE TECHNICIAN | UPPER HANDS REPAIR 2019 – 2020

- Diagnosed and repaired hardware and software faults, including screen replacements, battery swaps, and internal component repairs.
